Communicated

Note

There are 2 proposals on the file relating to the High Schools ~~in Bangalore~~ in the State

They are ~~——~~ explained below—

(1) Out of 7 ~~Inspection~~ High Schools only two (viz Tiptur at Tumkur and Chikmagalur) have a Writer at 12 Rs each per month.

As there is much clerical work in all the High Schools in the way of correspondence, keeping of Registers, preparation of Monthly and Annual Returns and the issue of books from the Library the Insp Genl recommends the appointment of a Writer in each High School at Rs 15 a month, placing the pay of the Writers in the Tumkur and Chikmanglur High Schools to the same figure—

Total increased cost Rs 31 a month or Rs 372 per annum

There are High Schools at all Dt Hqrs except Bangalore, Mysore and Shimoga Also at Chennapatna and Chikballapur

Edcn 33 of 1897 1 to 9

I agree &c

2 in Chikballapur High School
2 in Channapatna
2 in Hassan
1 in Chikmanglur
1 in Tumkur

(2) There are 8 Pupil teachers in the Schools named in the margin who are in charge of the elementary

~~School~~ 9

classes, at Rs 10 a month
Five have passed the Middle School
Examination and the rest have
passed the Examn. but all are
said to be doing satisfactory work
The Insp.r Genl recommends that
they be at once increased
to Rs 15 per mensem as an
encouragement, and that upon
their passing the Matriculation
Exam.n they be graded in the
last class of Asstt Masters,
D Class II Pay 15 — 3/2 — 30
The immediate increase
in cost is Rs. 40 a month
or Rs 480 per annum

we ought to be able
to get masters on Rs 10 Rs I would not
change the name of
the present men or
give them any promotion
in future only maintain the
~~It is also recommended~~
~~that there may be deputations~~
~~be allowed into Asstt Masters~~
Labour should be employed
& called Asstt masters
& men the grade recommended
by the Dy I Education

9 x 5 = 45

(5) Each High School is now
allowed Rs 5 a month for
Contingencies, including the purchase
of Writing Materials for periodical
Examinations of the classes
Thes sum is found insufficient,
and the Insp.r Genl recommends
that it be raised to Rs 8 a month
The increase for all the High Schools
is Rs 252 per annum — deducting from this
amount a sum of Rs. 40 a year
which is said to be unutilized in Mr.

I cannot form
any opinion
on this point

3 Budget allotment for Contingencies of Colleges & High Schools, the net increase will be Rs: 212 per annum.

---

The total cost of all the 3 proposals is as follows —

Writers — 912 a year
Pupil teachers 480
Contingencies 212
1664

A tabular statement is put up

Subj Bldg & Grounds Cte

1st Report 5/21/98

The two matters for Chattanooga and Lumber High Schools were referred at a year ago and this application for increase they pay both visits and seems done the premises

It is proposed to employ a janitor in each of the remaining high schools at $15 per

Before proceeding on these proposals please ascertain what is the present strength of each of the high schools

In regard to the 2nd Report I agree with Mr Mahan to an order may issue accordingly

With regard to the 3rd Report I would call attention to the following facts - (1) what was the actual expense under contingencies in each of the high schools for the past 3 years - and (2) on account of what items there has been any increase of expense, if any

I would defer passing orders on Reports 1 & 3 pending receipt of answers called for

Vote sheet of Dr with reference to his remarks of 22nd Nov 1904 -

This relates to 3 divisional Hospitals each of which was ruled separately by the Dept of Education the office wonders how they have done well not to have known them all together into a single scheme -

One of the Hospitals is about the size of Nuttit Hospital the remaining three about the size of the Ohlg Hospital are agreed as to how this should be dis-posed of

Another is about school matters - The 3rd Cr agreed to the Dept Proposal being carried out. The Ohlg Council wants further information - There is therefore no decision of this question yet -

The third is about Cantingencies The 3rd Cr said he could not form any opinion on this point The Ohlg Council too was not in a position to form any opinion on the amendments before

hui - He therefore ordered further information to be called for.

The Question to be Response of the requisi-tion for further infor-tion in regard the other 2 proposals were thrown together into one draft order The 3d (= Lord that that order did not embody his opinion Hence the suggestion by the Chairman that if the Chairman now did not want any further information but different draft might be prepared one sanctioning one of the proposals regarding which there was appar-ent between the 3d (= & the Chairman of the other calling for infor-tion in the other proposals - A mere suspension of judgment by the Chairman till receipt of further information does not amount to a difference of opinion

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 6469/213 Mysore, ~~Bangalore~~ 11 February 1897

From H J BHABHA Esq,

*Inspector General of Education in Mysore*

To

The Secretary to the Government of Mysore
in the General and Revenue Depttts,
Bangalore

SIR,

+ Edue 2-97 Sl 1

With reference to para 3 of ~~Order~~ my letter No 5731/187 dated 7th January 1898, I have the honour to furnish the following information on the three points stated

(1) The actual expenditure under contingencies can not as a rule be expected to rise beyond the amount allowed at present viz Rs 60 a year It would hardly be proper to exceed the amount allowed and no Headmaster can be expected to pay out of his own pocket for the school contingencies - The Headmaster of the Chitaldroog High School gives Rs 73-11-4, Rs 75-3-3, and Rs 78-7-2 as the contingent expenditure of the last three years, and says that the excess above Rs 60 was paid by contributions from students for Cyclostyle paper

and ink He asks for a monthly allowance of of Rs 15, and considers that "the present economy is one of the main causes why so large a number of students fail in English at public examinations" The Chikmagalur Headmaster gives Rs 58-7-4, Rs 65-0-9, and Rs 83-5-11 as the contingent expenditure of the last three years Government sanctioned the excess expenditure of Rs 26-14-4 by Order No 4423-24 ED 455 dated 27th September 1898 The Hassan Head Master says the average expenditure for the last 3 years has been Rs 77-8-4 The remaining Headmasters have tried to keep within the allotted amount often I fear at the sacrifice of the interests of their school.

(2) The chief items of expenditure are the Contingent expenses of weekly monthly and terminal Examinations - The weekly and monthly examinations are more or less optional, while the terminal examinations are obligatory Unless writing paper is supplied from the school, there can not only be no uniformity in the paper used, but the boys compelled to bring their own paper often use flimsy or coarse paper, and write a small cramped hand to economise expenditure - Neatness is sacrificed by such procedure, and habits of slovenly and bad writing are often formed The schools have been supplied with Cyclostyles, but the cost of a quire

of printing paper comes to Rs 5 and of an ink bottle to Rs 2 Then there is the absolute-ly necessary expenditure for scientific experiments, for keeping the scientific and gymnastic apparatus in ordinary repair, for chalk towels blotting paper and ordinary ink for the use of all the classes If a Headmaster is compelled to keep his expenditure within Rs 5 per month, he must omit some of the items to the detriment of the interests of his school

(3) Rs 5 a month was I fear an inadequate allowance from the commencement for a High School and in large schools especially it must be exceeded as the number of students increases, even though all the above stated contingent wants are not supplied

2 Under these circumstances I once more recommend that the increase of the Contingent allowance from Rs 5 to 8 for each High School asked for in my letter No 5931/187 dated 7th January 1898 may be sanctioned The Headmasters are expected to keep an account book of contingent expenditure which can be inspected

I have the honour to be,

Sir,

Your most obedient servant,

H P Bhabha

Inspector General

7

The Asst Secretary to Govt in Revenue

Dated 25th Feby. /99

With reference to his letter No. 6469/213 of the 11th instant has the honour to request that he be so good as to furnish at an early date full replies to the following queries

(1) What is the strength of each High School?

(2) What is the

General No 9430
No 324

Enclosure No (1)

With reference to the Secretary's
docket No 10071/Ed 221 dated 28th
February 1899 has the honour
to inform that the strength
of the different High
Schools at the end of March
1899 was as follows -

| | |
|---|---|
| Channapatna | 128 |
| Chitaldroog | 155 |
| Chikballapur | 181 |
| Hassan | 202 |
| Kolar | 207 |
| Tumkur | 253 |
| Chikmagalur | 280 |

2 Out of 140 English High
Schools in Madras only one
that at Mangalore is a
Government High School
with 68 pupils The rest
with the exception of three

Practising Schools are Board, Aided or Unaided Schools. From the Standing Orders of the Madras Education Department dated 1880, it is ascertained that at that date the Government High Schools at Cuddapah, Kurnool, Sadapet, Chittoor and Tellicherry each received Rs 10 for monthly contingencies, the High School at Palghat received Rs 12, and those at Chicacole and Cannanore which were small schools and considered to be second grade High Schools each received Rs 5 Though these schools have passed under other agencies since then they have all grown it is believed considerably during the last 18 years and their requirements must have also increased proportionately

3 With reference to para 2 of the docket under reply, the Inspector General is not aware that it is the usual practice to require boys to bring their own paper to the terminal examinations If a Headmaster for want of other means is compelled reluctantly to ask the boys to bring their own paper, such a procedure leads to the inconveniences stated in the Inspector Generals' letter No 6469/213 dated 11th February 1899

4 A copy of Government Order No 101 C dated 25 September 1890 raising the Contingent allowance of each of the five High Schools that existed then to Rs 5/- a month is enclosed.

The contingent allowance of the Chamarajpet High School was raised from Rs 4 to Rs 5 and that of the Chitaldroog High School from Rs 3 to Rs 5, with effect from 1st October 1894, the necessary provision having been sanctioned by Government Order C No 93 dated 24th October 1894

H J Bhabha
Inspector General.

mp

Proceedings of the Government of Mysore
(Education Department)

Order No 101 C Dated 25th September 1890

As the present Contingent allowance given to the five District High Schools is very inadequate and the provision in the Budget under the head of Contingencies relating to English Instruction permits of an increase, a monthly Contingent allowance of Rs 5 each is sanctioned for the High Schools at Chitaldroog, Hassan Kolar, Tumkur and Chikmagalur from the 1st October 1890
